(2) About the Police Sub-Station, I agree with the Deputy Commissioner of Kolar in his view that such a large establishment is not at all necessary. If any Police arrangement is necessary a Daffedar and a Constable will be quite enough during the season.

(3) As for the Hospital, it may be altogether dispensed with. I do not think it is necessary to get the Assistant - Surgeon at Chickballapur to visit the Hill twice a week paying him Rs.20/. per mensem as suggested by the Deputy Commissioner. In case of necessity, we can telephone to the Cycle Orderly at the foot of the Hill who will go and fetch the necessary medical aid in a short time.

It would however be desirable to have a permanent dispensary at Nandi Village as I have already written in my letter No.78 dated 12-9-1925 at the cost of the Medical Department or the District Board. Most of the cases treated in the Nandi Hill Dispensary are from surrounding villages.

In case it is approved to do away with the Hospital, I propose that the Senior Surgeon be requested to stock a few medicines such as quinine, magnesium sulphate, boric powder, - iodine, etc., and some lint, bandage cloth, etc., which might come in handy in case of any emergency. These things may be kept in the Hill Station Office.

Sir,

In reply to your letter No.G.8035-Med, dated 3rd April 1926, I have the honor to enclose a copy of the resolution of the Kolar District Board at its meeting of the 27th March 1926, to the effect that there is no necessity for a dispensary at Nandi, and to state that the idea has to be dropped. Copy of the President's letter No.77, dated 31st March 1926, on the subject is also enclosed.

There is, however, no objection to the supply of a Medicine Chest of Class "C" suitably modified according to the needs of the locality, to the Superintendent or other officer in charge of the Hill Station, on payment, if the said Officer be included in the list of officers entitled to such supply, appended to G.O.No.G. 18715-74-Med.80-16.32, dated 5th April 1921.
